

querydialog.h

```
graph TD; A[querydialog.h] --> B[QDialog]; A --> C[QDate];
```

A diagram illustrating the relationship between a header file and two classes. At the top, a gray rectangular box with a black border contains the text 'querydialog.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points diagonally down and to the left to a white rectangular box with a gray border containing the text 'QDialog'. The right arrow points diagonally down and to the right to another white rectangular box with a gray border containing the text 'QDate'.
